

NORGES STATSBANER

BANK POOL

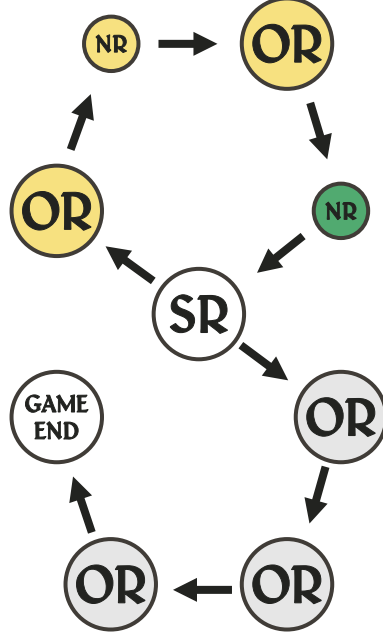

No more than 50% of a company's stock in the Bank Pool  
The president's certificate can not be sold to the bank - it triggers a change of presidency

At end of stock round, companies with:  
- stocks in the bank pool move one step left on the stock market.  
- no stocks in treasury and bank pool move one step right on the stock market.

When a company nationalizes, leave one 10% share here, and check certificate limit.
